Animal Control By-Law #7-2017:
Maximum Number of Dogs or Cats**

No person shall own, harbour, keep or have in his possession or control or on his premises, more than three (3) dogs and or (3) three cats over the age of four (4) months, regardless of the number of people who may be inhabiting the premises, unless such person holds a valid kennel permit authorizing him to own that number of dogs.

From the Office of Leisure Services
Interested in your Class 1 Drivers License?

Contact Jerry Balak at 204-759-2560 for more information for a 2 day course at the Shoal Lake Communiplex April 12th & 13th. Limited to 12 students so register early as we have many people interested.

Lakeview Park Red Cross Swimming Lessons are now taking registrations! Lessons will be from July 29th to August 2nd as a one-week intensive lessons. For more information or to register, please call the Yellowhead Leisure Services Office at 204-759-2629 or e-mail leisure@yhgov.net. Call Doreen at 204-365-0153 to book your camp spot at Lakeview Park for the week! Yellowhead Leisure Services is looking for community organizations that are willing to work community functions as a fundraiser - such as auction sale luncheons. If your community group is interested and would like to be added to a call list, please contact Kelly at the Leisure Services Office at 204-759-2629 **NEW CONTACT!**

You can now reach Kelly Knight- Leisure Services Coordinator on a new local mobile number at 1-431-291-0017 via call or text for all your Leisure Services needs.

Community Events and Workshops:
With the summer months fast approaching, the Yellowhead Leisure Services Board would like to extend the opportunity for feedback as to programing you would like to see for the remainder of the year and in which community you would like it seen in. Please contact Kelly Knight at 204-759-2629 or email leisure@yhgov.net with your ideas and interests. We are also actively seeking instructors to run programming throughout the year. If you have a special talent and would like to share please contact the office.
~Kelly Knight, Leisure Services Coordinator

LOOKING FOR:

In search of a 16 foot (or less) aluminum boat with a 9.9 horsepower (or less) motor and trailer (if possible). If you have one for sale please call Paul at 431-282-3079.

What's Up Yellowhead?

April 2019

Having served on council now for approximately five months, I want to say I have found several interests - one of which is the cemetery in Shoal Lake - being that my wife Helen and I have been grass attendants for a number of years.

The R.M. of Yellowhead has been focusing on purchasing a columbarium for some time and I am pleased to say that it is now in place. It is situated on the NE corner at the Shoal Lake Cemetery.

What is a columbarium?

Usually made of granite - it is a structure above ground used to store cremation urns holding the ashes of people (their final resting place) who have passed and been cremated.

All columbarium's have banks of cremation niches (similar to cubby holes but with secure fronts) which hold the urn. Council recently passed a resolution at a meeting to sell the niche's at \$2,000 plus GST each. There are 48 niches available in our columbarium. One niche holds two urns (inside dimensions:

12.5"x12.5"x14") . This amount includes opening and closing of the niche two times, the plaque is provided and engraved , as well as perpetual care. Any further openings cost \$100 plus GST. This is a welcome option to our cemetery. Contact our office for more details.

~Leonard Hullick, Councillor

Let's Talk Cemeteries

No one wants to talk about this stage of life but it is inevitable. We want to make sure our final resting place is kept organized and well-maintained. A peaceful setting for our loved ones to come pay their respects. The Cemetery Committee has been busy preparing a budget and discussing how to further organize our cemeteries within our municipality.

We look after the purchases of plots/niches as well as maintenance (perpetual care) for the following cemeteries in the municipality: Strathclair Municipal Cemetery, Bend Cemetery, Shoal Lake Municipal Cemetery and Argyle Cemetery For Elphinstone Roman Catholic, Menzie, North Menzie, Shoal Lake Ukrainian Catholic and Thompson (Heritage site) cemeteries, we look after the caretaking only. Purchases of plots for these are through the cemeteries' church board. The Cemetery Committee is in the process of amending the Cemetery By-Law. We are asking the residents of the municipality for your opinion on low-bearing grave stones. The By-Law would state the height and size of gravestones (example: 36" h x 24" w x 6" thick) accepted in our cemeteries. The reason is to lower the risk of vandalism (often high monuments topple over or crack) and to make it easier on our maintenance staff to do their work/perpetual care. This would just be a guideline for uniformity in our cemeteries. The range would be vast, so you can still personalize the stone for your loved one. Our plot sizes are 5'x10' each. **We welcome your input.** Call the RM of Yellowhead Office 204-759-2565 or email: info@yhgov.net. If you have a headstone you would like repaired, contact B & B Memorial Restoration. They can re-level, do cement work and other repairs to your loved ones monument: 204-212-1616.

Happy Easter!

The R.M. of Yellowhead
Offices will be closed
Good Friday,
April 19th, 2019.

Pool is Monday to Saturday 9 a.m. to 5 p.m.

<u>From the Office of the Senior Services Coordinator:</u>
Well it looks like spring is finally here..It sure has been a long winter! Everyone is eager to get out and have some fresh air. Senior Services had a busy March, with daffodil sales, a trip to Carberry to the Casino which was a lot of fun and we hope to plan again. We had the Succulent workshop on March 22nd and thank those for attending. And April doesn’t look like we will be slowing down!! The Drop In centre along with Senior Services in Shoal lake will be having a Easter Tea lunch from 11:30 am to 2:00 pm on April 16 th . Hope to see you all there! We are also looking at the possibility of having a Brandon Shopping trip on April 30 th , more details to follow. The Drop In Centre is having their Annual General meeting on April 17 th at 7pm.. They are looking for new members for their board. Come on in and support this very important group in our community for the seniors...Purchase a membership for only \$20.00. Come and play cards, have a coffee, and have a visit with your neighbors. ~Leslie Toovey, Senior Services Coordinator

February was I LOVE TO READ month. Mayor Mervin Starzyk enjoyed reading to the children of Villages United Early Learning Center in Strathclair.

	The Yellowhead Health Committee would like to take this this opportunity to thank Dr. Moussa for her three years of service she has given Shoal Lake and area residents. She has been an essential asset to the Yellowhead Medical Clinic as a family doctor, and to the Hamiota Health Centre as an on call physician. Dr. Moussa is relocating her practice to Steinbach for the time being so she can remain closer to her family. We wish her all the best in her future endeavors!
A big Thank You to Crystal Stebeleski as well for her three years with the clinic as the Yellowhead Clinic Manager. Crystal played a big role in getting the clinic up and running with the new electronic system, new doctors and managing the clinic on a day to day basis. She will be greatly missed but not too far away as she has taken a position as a Pharmacy Tech in the Shoal Lake Pharmacy and will remain as an active member of the committee. Good luck Crytsal!	
New to the clinic is Tannis Weber. She has taken over as the Yellowhead Clinic Manager. Tannis previously worked at the Hamiota Medical Clinic for two years and also brings three years clinic experience with Brandon Clinic Medical Corporation. Also in the clinic we have two casual employees, Josie Kostaskey and Amber Menzies. They are enjoying working alongside our patients, doctors, co-workers and the committee. Dr. Ade is still working full time in clinic with evening clinics available Tuesday and Thursday nights from 5pm-7pm. We appreciate the extra time he is giving for our patients that these clinics allow.	
A new family physician, Dr. Hanna, whose current home base is out of the Hamiota Medical Clinic is coming to Shoal Lake twice a week until May, and from May to September will be working three days a week out of the Yellowhead Clinic. We are very excited to have Dr. Hanna in our clinic.	
In September our clinic will be welcoming an IMG (International Medical Graduate). We will not be accepting appointments for the IMG until closer to the date of their arrival.	
Last but not least we would like to thank the patients of the Yellowhead Medical Clinic for their patience and understanding while these changes arise. I will leave you with a quote I read the other day; ‘In the waves of change we find our direction’ Thank You! ~Tannis Weber, Clinic Manager	

 <p>The Yellowhead Broadband Committee is in need of a board member. If you are interested in sitting on this committee call: 431-282-3249</p>	<p><u>Shoal Lake Handi-Van Service</u></p> <p>It's come to our attention that many don't know that the small handi-van can be driven by anyone with a regular class 5 license. With nice weather upon us now, why not take a family member or friend out for a drive to see the water flows, farmers in the fields, or simply a country tour? Call 204-759-2195 for details.</p> <p>~Merv Starzyk, Handi-Van Committee</p> 
<p>Over the last few months I have provided a place for you to learn how to increase your family's personal preparedness. This month I want to focus on protection of farm animals and emergency planning for farms. Do you know how to protect your farm animals from risks posed by natural disasters, including collapsed barns, freezing weather, flooding, dehydration, and electrocution? From barn fires to hazardous materials spills to natural disasters, emergency situations often call for special measures to shelter, care for, or transport farm pets, livestock, and poultry. Safeguard your animals, your property and your business by taking precautions now, no matter what the risks are in your area. Here are some tips for emergency planning on your farm and for farm animals to take into consideration as the weather begins to change:</p>	<div></div> <p>Greetings from the Municipal Emergency Coordinator!</p> <p>Create a Farm Emergency Plan - Make an emergency plan to protect your property, your facilities and your animals. Create a contact list of emergency telephone numbers, including your employees, neighbors, veterinarian, poison control, local animal shelters, transportation resources and local volunteer groups. Include an out of town or out of municipality contact who is unlikely to be affected by the same emergency.</p> <p>Prepare a Farm Emergency Kit - Make an emergency kit so you have emergency supplies in one location for simplicity sake. Include a current list of all animals, including where they are located how many, records of vaccinations and tests. Include supplies for temporary identification of animals such as plastic neck bands and permanent markers. Include a basic first aid kit. Include handling equipment such as halters, blankets, and tools needed for caring for animals as well as bolt cutters to free animals if necessary. Include food and medicine for animals as needed.</p> <p>Plan to Shelter in place - If you remain on your property in an emergency you will have to decide whether to confine large animals in available shelter or leave them outdoors. Survey your property for the best location for animal sheltering. It is a good idea to consider areas on your property that are high and not areas that may be susceptible to overland flooding or high-water events.</p> <p>Plan to Evacuate - In your farm emergency plan, make sure you take into consideration the possibility of having to evacuate. Familiarize all family members and employees of potential evacuation routes away from your farm, land or property. Arrange in advance a place to shelter your animals on your land or another farm or facilities in the surrounding areas that could house your animals. If you plan on transporting your animals make sure you arrange for trailers, trucks and vehicles suitable for transporting each type of animal. When leaving the farm ensure that the electricity is turned off.</p> <p>Be Prepared - Make sure every animal has durable and visible identification and that you have proof of ownership for all animals. Perform safety inspections on all utilities, buildings and facilities on your farm. Identify alternate power and water sources (be sure to check your generator regularly to make sure it works). Consider how to fill large containers to water your animals for at least 72 hours.</p> <p>~Emily Wolfe</p>
