What's Up Yellowhead?

June 2019

I currently live in Strathclair. I left home in 1970 and moved to Toronto, then Winnipeg, then Brandon and back home in the Spring of 1982 where I farmed in the RM of Shoal Lake until 2006. For most of my years away I was in the Auto Glass Replacement Industry. In 1982 I started my own business in Strathclair, Betterview Auto Glass, and currently just retired June 30, 2018. However, now that I am retired, I thought I would take a go at being a Councillor for the RM of Yellowhead. Guess what? It is a daily challenge with so much to learn and remember. I feel that our Council is a good group of people coming from different walks of Life.

For myself I am on numerous committees, one being the Cemetery Committee. Our group is setting up new By-Laws in the RM of Yellowhead. We are looking for uniformity and balance in any new areas for future use. Maintenance is becoming a big expense. So now I pose a question to you? Is a columbarium anything we would be interested in the Strathclair area? Shoal Lake has a columbarium in the main cemetery. We are looking for someone in the Strathclair Area to assist us on our challenge to help maintain our cemeteries (fix up and landscape our cemeteries and aid us in a sense of direction). We hope to have a meeting later this fall to introduce some ideas etc. Moving forward the Provincial Government is cutting back on provincial assistance. It now falls on the RM's to do more with less. So planning is of the most importance, spending is critical; so from where I am we must focus on "what we need not what we want"!

Feel free to contact me at gmcDonald@yhgov.net

Manitoba Agricultural Services Corporation Farmland School Tax Rebate 2019

The Farmland School Tax Rebate (FSTR) was implemented in 2004 to support the rural economy by providing Manitoba farmland owners with school tax relief. Landowners are required to submit an annual application to Manitoba Agricultural Services Corporation (MASC). As a **courtesy** to ratepayers, the R.M. of Yellowhead staff was sending the rebate forms in to MASC for them. Unfortunately the R.M. of Yellowhead will no longer be offering this service. When landowners pay for their taxes, we will stamp the rebate and return it to the customer. The landowners are to make sure their rebate gets to MASC by the deadline. Sorry for any inconvenience this may cause.

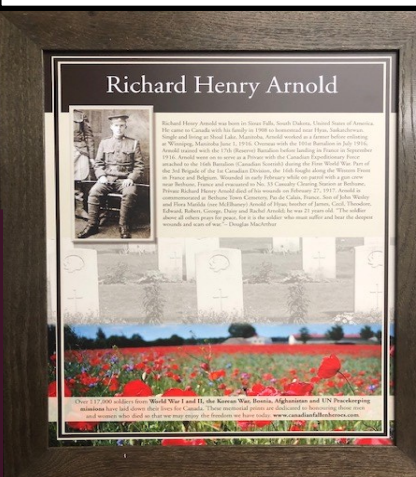

By-Law #7-2017 - Animals not to run at large

5(1) Except when permitted by a municipal by-law, no owner or person in charge of an animal shall allow it to run at large.

Donation

Local resident Stewart Darr researched and found that Richard Henry Arnold (one of the Canadian Fallen Heroes), in fact, was stationed out of Shoal Lake but actually originated from Hyas, Saskatchewan. Upon this new revelation, Council has agreed to gift the print they purchased to his community, just in time for Hyas' Homecoming Event. The community of Hyas is grateful for the donation.

IMPORTANT NOTICE

2019 Education Property Tax Credit Changes

Manitoba Budget 2018 announced that, effective for the 2019 tax year, the calculation of the Manitoba Education Property Tax Credit (EPTC) will be based on school taxes and the \$250 deductible before the EPTC applies will be eliminated.

This change may result in an increase in your property taxes. Please contact our office for more information.
